

WATCH SAW TORPEDO WHICH HIT FINLAND

PARIS, Nov. 5.—One man aboard the torpedoed American Transport Finland saw the U-boat and the wake of the torpedo that damaged the vessel about a week ago. He is Daniel Prescott, of Medford, Mass., who was on his way back to the United States after completing his enlistment in the

ambulance corps. Prescott was on watch duty at the time. With forty other men, he has just reached Paris. According to his story, he saw a periscope about a quarter of a mile away. As he was reporting, he saw the wake of a torpedo, followed immediately by the explosion. Then the men piled into the boats, while the officers remained on board. When it was seen the vessel was not badly damaged, many of the men returned, while others were picked up by patrol boats.

DRAFT REFERENDUM PROMISED CANADIANS

OTTAWA, Nov. 5.—A manifesto to the Canadian people, issued by Sir Wilfrid Laurier, leader of the parliamentary opposition, has outlined the position of that party in the election next month. A referendum on conscription in Canada is promised the people, as well as an administration pledged to "find the men, money, and resources to insure the fullest measure of support" to the men at the front.

CAPITAL PASTORS FORESEE DAWN OF UNIVERSAL PEACE

Russia's withdrawal from the world conflict is today less disquieting to the Washington congregations which heard the cheering sermons of local pastors yesterday, forecasting doom of Prussian autocracy and the dawn of universal peace. Victory is the watchword, and the liberation of the world is the aim of present day Christianity.

"The handwriting on the wall shows that Germany will strike away the shackles of autocracy," declared the Rev. Earle Wilfley, who celebrated his eighth anniversary of his pastorate of the Vermont Avenue Christian Church with a special sermon on "Falling Shackles."

End Of Militarism. "The gradual crumbling and disintegration of the German military machine will ultimate cause it to be relegated to the scrap heap," said the pastor. Taking as his text, "Ye shall know the truth, and the truth shall make ye free," he traced the growing spirit of democracy in the world, using Russia and China as examples of the will of an awakened people, and declaring that with a better understanding of social liberties the people of Germany will take their place with the rest of the nations.

People Duped. "From Frederick the Great to the Hohenzollern the fetish of the Prussianized state has been instilled into the people," the pastor said. "The first essential of such a state is power and the absorption of all neighboring lands. In contrast to this devouring monster, this Prussian Moloch, stands the Christian commonwealth, which bled Milton saw, and which can make greater sacrifices to stem the tide which threatens to envelop it."

"Peace and comfort and the strength of Christ filled the room," said the Rev. Gove Griffith Johnson, in his sermon, "Large Upper Room, Furnished," at the Immanuel Baptist Church, in which he pictured to his hearers the quiet and rest that will come when the war is ended.

"A large room was the scene of the last supper," the speaker declared. "Its space was ample and the arrangements were in proportion. Every one was welcome."

"So it is with the kingdom of God and when we go unto the Lord He will have room for us all."

25 MEADE SOLDIERS TO EAT RIVERDALE TURKEY

Turkey and all the trimmings that go to make up an old-fashioned Thanksgiving dinner will be provided for twenty-five soldiers from Camp Meade by the women of Riverdale, Md.

The dinner will be under the auspices of Mrs. Charles Dunlap, who has a son with Pershing's forces in France, and Mrs. H. W. Lawton, who has a boy in the coast artillery corps at Fort Washington.

They have made arrangements with General Kuhn, commandant at Camp Meade to entertain twenty-five of the soldiers whose homes are too far away for them to enjoy Thanksgiving with their families. Following the dinner there will be a dance in the town hall at which the young people of Riverdale will join in making the soldier boys merry.

BERLIN DENIES CHARLES SEEKS POLISH THRONE

AMSTERDAM, Nov. 5.—The report that Emperor Charles of Austria is to proclaim himself King of Poland is false, according to dispatches from Berlin today. The dispatches say the report is believed in Berlin to have been spread by hostile agencies.

HUGHES FAVORS LOWER DRAFT AGE LIMIT

Charles E. Hughes, Republican Presidential candidate in 1916, today endorsed the proposed amendment to the draft law lowering the minimum registration age from twenty-one to nineteen.

In a letter to H. H. Sheela, secretary of the National Association for Universal Military Training, which is fathering the proposed draft amendment providing for the immediate registration and training of young men between the ages of nineteen and twenty-one, Mr. Hughes said: "We should spare nothing in prompt

and intelligent preparation for the vigorous conduct of the war, and ought to begin at once with the training of these young men. It will do them good and make them available to the country as soon as they are needed.

"The way to end the war in complete victory is to prepare adequately."

ADOPT A SOLDIER

—and thereby know his time OUTSIDE of camp —in the communities nearby, is being HEALTHFULLY and HAPPILY spent.

To assure this the NATIONAL COMMISSION ON WAR CAMP COMMUNITY SERVICE seeks to create a fund of \$4,000,000 to provide the facilities for healthful recreation of soldiers in cities, towns and villages near by cantonments.

The cost is estimated at \$3 per man per year, for 1,250,000 soldiers.

For their benefit, and that they may be kept HEALTHFULLY and WHOLESOMELY OCCUPIED the trained operatives of the PLAYGROUNDS and RECREATION ASSOCIATION OF AMERICA are already in the field and "Khaki Clubs" have been organized, buildings erected with bowling alleys, pool tables, basket and baseball, swimming pools, and other forms of WHOLESOME RECREATION, so to absorb the soldier's time in a NORMAL way, as to reduce to a minimum the opportunities for contracting diseases that would UNFIT HIM TO FIGHT!

It is a sober and essentially a PRACTICAL QUESTION; for it is certain the man who becomes PHYSICALLY UNFIT cannot take his place in the trenches.
